**Big Changes  
Coming for Some  
Minnesotans on  
Medicare Cost  
Plans**

Per federal law, changes to Medicare will be happening for many people across the country.

Beginning in 2019, Medicare cost plans, a type of Medicare plan that many Minnesotans have, will end in most Minnesota counties. For many beneficiaries, it will mean they will have to change plans.

Medicare Cost Plans are hybrid Medicare plans that share features from Medicare Advantage and Medigap supplemental insurance plans. More than 400,000 individuals living in Minnesota will be affected when the plans go away at the end of 2018.

Keep an eye out for mail from your plan and from Medicare, in the fall, so you can make a decision that is right for you. You can also connect with experts to help you weigh your options.

## Guard Your Medicare Card

In an effort to help with identity protection, the government will begin issuing new Medicare Cards in 2018. These cards will have a new Medicare number that is unique to you, and will not use your Social Security number. You will receive your new card by April 2019, until then, use your current Medicare card.

**Please be aware of scammers. They will often claim to be from Medicare. They will try to get your current Medicare number and personal information. Don't be fooled! Treat your Medicare Card just like other private information...and never give out your personal or private information over the phone.**

Questions or concerns, please contact the Senior LinkAge Line® at 1-800-333-2433.

I AM  
*Chateau Waters*

"I moved to Chateau Waters because I was tired of keeping house by myself and I was ready for a change. I'm amazed by how serene I feel here. I have no worries. The top-notch staff take care of everything, and there are so many marvelous entertainment options and amenities at your fingertips.

I especially love the full-service salon and spa, seasonal meals in the dining room, and the waterfall in the grand front entryway. I don't have to recommend Chateau Waters to my friends. They come visit me and tell me right away that they want to move in!"

## Clinic Services

TCHC's six rural clinics – Bertha, Henning, Ottertail, Sebeka, Verndale and Wadena – are designed to deliver a full range of primary and specialty care services close to home, including X-ray and lab capabilities. Our experienced team of family medicine physicians and advanced practice providers are committed to delivering empathetic care with a hometown touch for patients from newborns to the elderly.

## Tri Rehab Services

Returning to life can be difficult after an injury or illness. That's why our expert Tri Rehab Services staff can design personalized treatment plans to get you on your feet and back to the life you love. Rehabilitation specialties offered include sports medicine and physical, occupational, speech and aquatic therapies.

Three direct-access facilities in Bertha, Henning and Wadena allow you to find hope and healing close to home. At a direct-access facility, you don't need a referral from a provider to seek care. Just be sure to check with your insurance for coverage details.

## Hospital Services Available in Wadena
